Globecommm Receives an \$7.9 Million Increased Scope Under a Multi-Year Contract with a Major U.S. Government Prime Contractor

HAUPPAUGE, N.Y., May 26, 2010 /BusinessWire/ -- [Globecommm Systems Inc. \(NASDAQ: GCOM\)](#), a leading global provider of satellite-based communications infrastructure solutions and services, announced today that the Company's wholly-owned subsidiary, Globecommm Services Maryland, has received a \$7.9 million increase in the total value of a four-year contract from a major U.S. Government prime contractor. This contract is part of the [four-year contract](#) originally signed on January 2, 2008.

Globecommm will provide satellite earth stations and services that leverage the Company's global service network by providing voice, video, and data services in the Company's rapidly growing [managed network service businesses](#).

As a valued added offering, Globecommm will offer the customer life cycle services supported by a global network of qualified technicians enabling a highly professional, technical and responsive support handling activities such as implementation, preventive, and corrective maintenance, and a full range of 24 x 7 technical support services. These services include engineering support, equipment, complete with installation and maintenance to multiple locations in the Middle East, Africa, Asia, and certain Pacific and Caribbean Islands.

Bill Raney, Senior Vice President of Globecommm Systems Inc., said: "This demonstrates another opportunity for Globecommm to leverage our global infrastructure and support network to serve our government customers."

Keith Hall, President and Chief Operating Officer of Globecommm Systems Inc., said: "We remained focused on providing our customers a high level of customer care through reliable and secure communication services. The increased scope on this contract represents another example of our recent success not only renewing contracts but driving expansion through them. Customer expansion continues to fuel of recurring services growth. We very much appreciate the opportunity to grow with our customers providing our full suite of end to end managed service capabilities."
