

News Release

Globecomm Europe and Event-IP Global Communications partner to deliver state-of-the-art communications services for international outdoor events

August XX, 2014- Since 2011, Globecomm has provided satellite services and support to Event-IP Global Communications, a satellite-based IP connectivity company, for its clients at major outdoor events in locations such as Portugal, Greece, Spain, Sweden and Jordan. Communications services for events such as the World Rally Championship, are delivered using the Globecomm global satellite network which has PoPs at 12 global teleports linked via dedicated fibre backbone and centrally managed from dual 24x7 NOC's located in The Netherlands and in the USA.

'The partnership with Globecomm Europe is key to being able to deliver SLA based services with 24x7 support and guaranteed data speeds' said Matthew Irving, Managing Director of Event-IP Global Communications. 'We deliver communications solutions to broadcasters, rally teams, event organisers and for safety critical live timing and tracking'.

Keith Hall, CEO of Globecomm said 'Globecomm Europe relies on the skills, value added services and relationships of partners like Event-IP Global Communications to extend its shared and dedicated satellite transport services to end users around the World. We're proud to join hands with Event-IP Global Communications and to be involved in high profile events like the World Rally Championship. Globecomm Europe has the skills, experience, infrastructure and back office support to provide a solid platform for Event-IP Global Communications to take their unique value proposition to the market and our growing business together is testament to the success of the partnership'.

Moving content from where it originates, or where it can be picked up, to where it needs to go is what Globecomm does. Our true "contribution to distribution" model allows us to seamlessly distribute client video broadcasts on our global network and deliver it to its final destination, or destinations. Meet with Globecomm at IBC 2014. Contact dboekee@globecomm-europe.com
